APPOINTMENT POLICY

As you know, appointment times are valuable. Therefore, we ask that you notify our office immediately in the event you need to alter your appointment.

At our office, appointments are designed to give each patient the proper time needed to provide quality dentistry using the latest technology, techniques, and materials. It is very difficult when a patient schedules an appointment and then doesn't show up. This deprives another patient from utilizing that appointment time.

While we understand that emergencies do arise, to avoid a \$30 late cancellation charge we require at least one (1) business day's notice to alter a reserved appointment time.

PLEASE ACKNOWLEDGE THAT YOU UNDERSTAND THE ABOVE POLICY.
